DARK ALLIANCE

Lady Death

Dark Alliance

THE FRENZY

MORGAN GALLOWAY, a rogue secret agent, has had a vision of Apocalypse generated by the new messiah MELOS and his Church of the Divine Ascension of CHRYSA. To forestall this, Galloway, along with the dimension hopping REDLAMB, are trying to fashion a DARK ALLIANCE. He has recruited CHASTITY, the vampire assassin, and LADY DEATH, the white-skinned Diva of Death. Meanwhile, the queen of vampires, Fangulori, in her human guise of Sabahan Gold, has also become suspicious of Meles and with her lover, the were-panther BAKHASA, infiltrated COMA holdings in Egypt, only to be beset by domestic attackers. Fangulori herself was violated by the abhorer LUCIFER, Lord of Lies, and once her lover. Meanwhile, in NYC, the vampire succubus and Triad gang leader JADE, accompanied by her male bodyguard SILENCE, have been tracking those who sell a dangerous new drug called AORCIST. The trail has led to OBLIVIA, a much in demand DJ who is, unknown to most, also a vampire. The drug is being sold by SERGE, her ex-lover, unbeknownst to Oblivia. The confrontation between Jade and Serge befalls in Catherine Bell, ASA BAD BITTS, a former New Orleans cop now on the run, but they

discover Serge is a werewolf and, worse, the Aorclist drug he has distributed so far, at the rave has transformed OTHERS into werewolves, all under his command - and all ready to kill Dad Billy, Jade, and Silence!
